

*Invitation*

# EURO-IV TAKEOFF

**Quickfield**

**20-Sim**

**Mician**

**Catena**

**LAUNCHPAD**

Bringing you  
**T O P - N O T C H**  
Technology Everyday

---

*ni logic* and it's Alliance Partners invites you to attend **"EURO 4 Take Off"**,  
a **LAUNCHPAD** to introduce new tools and technologies,  
with visionary ideas and solutions-oriented presentations  
on

**April 30, 2006 and May 1, 2006**

*Please save the dates !!!*

Program Schedule - 30th April 2006		Venue: Hotel Le Meridien, Pune	
10:00 am	Registration with Tea		
10:30 am	Welcome Speech		
10:45 am	Company Overview	ni logic Pvt. Ltd., Pune	Bhupesh Purohit, Director
11:25 am	Dynamic Simulation	Control Lab Products, Netherlands	Johan Hemssems, Marketing Manager
12:30 pm	Lunch Break		
01:15 pm	Electro-Magnetic Simulations	Tera Analysis Ltd., Denmark	Vladimir Podnos, Director
02:15 pm	Microwave Network Simulations	MICIAN GmbH, Germany	Dr. Thomas Sieverding, Managing Director
03:15 pm	High Tea Break		
03:30 pm	IC Design and Multimode Simulations	Catena Holdings B.V., Netherlands	Dr. Ernst Habekotte, Sr. Design Engineer
04:30 pm	Questionnaire		
05:00 pm	Vote of Thanks		
Program Schedule - 1st May 2006		Venue: Hotel The Senator, Kothrud, Pune	
10:00 am	High Tea		
10:30 am	Full day session with demonstration stalls arranged for each product. Participants could interact with Application Engineers and evaluate the products.		
01:30 pm	Lunch Break		
05:00 pm	Vote of Thanks		

ni logic Pvt. Ltd

ni logic family brings together a rich experience across all domains of EDA. We offer services to companies across the spectrum of VLSI, Microelectronics, Embedded Systems, Power Systems, Microwave, Electro-Magnetics and Communication Electronics .

...aimed at providing "novel innovative logical solutions and services"

20-sim is a modeling and simulation program that runs under Microsoft Windows. With 20-sim you can model and simulate the behavior of dynamic systems, such as electrical, mechanical and hydraulic systems or any combination of these.

**Controllab Products B.V.**  
Drienerolaan 5, HO-8266  
7522 NB Enschede, Netherlands  
www.20sim.com

MICIAN's  $\mu$ Wave Wizard software is a fast, user-friendly mode-matching analysis, synthesis and optimization (EM) CAD tool for passive waveguide components and antennas. The efficient (EM) CAD software allows the accurate design of a comprehensive class of simple as well complex designs.

**Mician GmbH**  
Schlachte 21,  
D-28195 Bremen, Germany.  
www.mician.com

Catena is an international group of innovative companies, experts in design of Integrated Circuits and in software for design, layout and verification of Integrated Circuits. Catena Design Systems BV has strong product line for IC Design tools, Circuit Simulation tools such as SIMetrix/SIMPLIS.

**Catena Holding B.V.**  
Elektronicaweg 40  
2628 XG Delft, The Netherlands.  
www.catena.nl

QuickField™ from Tera Analysis is a interactive software package for engineering analysis and design. With multi-disciplinary analysis capabilities, you can optimize electrical, thermal and mechanical features of your designs, all within one package.

**Tera Analysis Ltd.**  
Knasterhovvej 21,  
DK-5700 Svendborg, Denmark
